FYI -- No action required..... yet.... I believe Informal dispute initiated with regard to Regulatory Agencies disputing USAF Remedial Design/Remedial Action Addendum #2 Work Plan -- which is the transition from the Steam Enhanced Extraction system (SEE) to Enhanced Bioremediation (EBR). If goes to Formal Dispute, then the Dispute Resolution Committee will have to be engaged.

Note that site SS017 (Pesticide/Paint storage building release) dispute is still active—but not active. I have not heard if EPA has sent back EPA changes to the USAF resolution proposal.
